

DELCO LITERACY

IMPACT REPORT 2024 - 2025

***Empowering adults to thrive in
their workplaces and
communities by providing
practical literacy and learning
experiences.***

A MESSAGE FROM THE EXECUTIVE DIRECTOR

At Delco Literacy, we believe education is valuable in and of itself and transformative in its reach. When adults have access to learning opportunities, the impact extends beyond the individual - creating generational opportunity and strengthening families, workplaces, and communities.

This year, the learners at Delco Literacy demonstrated remarkable determination as they balanced work, family, and life responsibilities while pursuing their goals. I am proud to work alongside our committed students and dedicated staff, whose professionalism and care make this work possible.

Together, with the support of volunteers and partners, adults advanced literacy skills, worked toward credentials, strengthened English proficiency, and built confidence in digital and workplace readiness.

Our work continues in earnest amid ongoing uncertainty. Shifts in the policy landscape and funding challenges underscore the importance of remaining true to our mission and values. Now more than ever, it is essential to stand together in support of equitable access to education and the belief that every adult deserves the opportunity to learn and thrive.

Delco Literacy remains committed to supporting adult learners as they pursue their goals and contribute to the shared strength of Delaware County.

With gratitude and resolve,

Executive Director, Delco Literacy
